SUMMARY

React Developer specializing in AI integration and Next.js. Built and deployed an AI-powered California DMV Practice Quiz using OpenAI API, Next.js, and TypeScript. Experienced in building full-stack applications with modern tooling and clean architecture. Trilingual in English, Farsi, and Pashto.

PROJECTS

DMV Practice Quiz (AI Powered)

- Built an AI-powered California DMV practice test using OpenAI API
- Generates unique questions across 8 DMV categories
- Includes score tracking, pass/fail results, and AI-generated explanations
- Deployed on Vercel using Next.js API routes
- Tech Stack: Next.js, TypeScript, OpenAI API, Tailwind CSS, Vercel

Next Gen Driving School Platform

- Built a full-stack booking platform serving 12 Bay Area cities
- Implemented lesson scheduling and Stripe payment processing
- Developed authentication with signup, login, logout, and JWT
- Tech Stack: React, Node.js, MongoDB, Stripe, CSS Modules

Healthy Home CA

- Responsive React user interface for a home services company
- Reusable component architecture and mobile-first design
- Tech Stack: React, JavaScript, CSS

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML, CSS

Frontend: React, Next.js, Redux, React Router, Tailwind CSS

AI and APIs: OpenAI API, REST APIs, Prompt Engineering

Backend: Node.js, Express.js, MongoDB, JWT Authentication

Deployment: Git, GitHub, Vercel, Netlify

Tools: VS Code, Postman, Stripe

EXPERIENCE

Freelance Front End Developer | 2021–Present | Bay Area, CA

- Built and deployed 5+ React applications for Bay Area clients
- Delivered responsive, mobile-first user interfaces with reusable components
- Built a driving school booking platform covering 12 Bay Area cities
- Integrated Stripe payments and JWT authentication

Driving Instructor | Bay Pass Driving School | 2024–Present

- Train teenagers and international students for the California DMV driving test
- Serve Farsi and Pashto speaking communities in the Bay Area
